

BOGUS CHECK ARTIST GETS PRISON TERM

James C. Mitchell 26, of Smithport, alias James C. Cook, Monday afternoon was sentenced to from 11 to 23 months in the Allegheny County Workhouse on counts of conspiracy, false pretense and attempting to cheat by false pretenses.

His companion in the cashing of seven bad checks for \$174 here in November, Mrs. Joyce Stewart, Bradford, was given a suspended sentence on the charge, placed on probation for one year and directed to make restitution of the \$174 and pay the costs.

Mitchell and Mrs. Stewart visited Gettysburg several times in November. Seven times checks were cashed, generally with Mrs. Stewart presenting the check made out to her and signed by "James Mitchell." The checks were usually for \$23.40 and she told storekeepers that she was employed by Mr. Mitchell and the amount represented a pay check. One check was for \$36.50.

EASY MARKS HERE

On a visit in Gettysburg November 19, merchants forewarned of the trick, called police as soon as the couple attempted to pass a check. The officers took Mrs. Stewart, Mitchell and Mrs. Stewart's three-year-old twins into custody. The twins were turned over to Child Welfare officials and were kept in a foster home until Mrs. Stewart's mother arrived to take the children.

The couple told local police they were captured that they had returned to Gettysburg because their first trip here they had found Gettysburg "an easy place to cash checks."

Mitchell, who has a criminal record extending back to 1953, told the court that Mrs. Stewart had been married "to my wife's brother. He did not take care of her. I took her to the hospital to have the twins and took her home from the hospital. He was supposed to take care of her, but when I went to visit, he was gone, she was sick and the twins had nothing to eat." He said he had remained with Mrs. Stewart since that time.

FORGERS JAILED

In Bradford, according to Mitchell's story to the court, "a fellow gave a check to Joyce and she thought it was a good check and cashed it. Then she found out it was bad." He said they then moved to Rochester, N. Y., "but I couldn't get work due to my prison record." As a result, he said, they began passing the bad checks.

The couple was before the court earlier in the afternoon to sign pleas of guilty. When they had the indictment read to them alleging conspiracy to cheat by false pretense, cheating by false pretenses and attempting to cheat by false pretense, they said they wanted to talk it over with an

TOWN'S NEW REC DIRECTOR BEGINS JAN. 24

Gettysburg's new recreation director, Ray Thompson, will begin his duties here January 24 the recreation board learned Tuesday evening at its meeting in the local junior high school.

Thompson has purchased the Roy Thomas home on Highland Ave., the secretary, Mrs. Janet Wickerham, told the board. Thompson, from New Jersey, will probably have to take a course in Pennsylvania history at the local college to be fully certified here, according to discussion at the meeting. It was understood that he can arrange for attendance at a morning class at the college if the course is required, as believed by the board, before he can be fully certified by the state Department of Public Instruction.

In the meantime, acting Recreation Director John MacLennan agreed to continue with the post until the new director is able to begin his duties here.

ADOPT BUDGET

A \$20,480 budget was adopted for submission to the borough council for final approval. The budget includes \$2,500 for construction of a concrete block maintenance and storage building at the park to replace present wooden sheds there. About \$15,000 provides for salaries of the recreation director and assistants for the year.

Approval was given for the Junior Chamber of Commerce to hold a Buddy Deane hop in February.

Robert Minter, manager of Edgewood Lanes, met with the board to discuss current and future bowling programs including the possibility next year of having all of the leagues under American Bowling Congress standards. The possibility of a Christmas bowling tournament was discussed.

LEAGUE OPERATING

A letter was read stating that the federal government has adopted a program of providing half the funds for such projects as swimming pools, recreation centers, etc., provided the work can be substantially completed within 12 months.

Maloney reported the Community Basketball League has started with six teams. It had five last year. The Senior High School league will start immediately after the Christmas holidays, he said. Maloney noted requests for a volleyball program for men and asked those interested in the sport to contact him so it can be determined whether it can be started.

The club members received an invitation to attend a meeting of the state board of control of the Exchange Clubs of Pennsylvania January 12 at the Holiday Inn, near Mechanicsburg. The club voted a five-pound box of candy to the employees at the Lamp Post where the club meets regularly.

President Jack Chronister presided at the meeting. The club will not meet again until January 8.

Mrs. David Lott Has 90th Birthday

Mrs. David G. Lott, 30 E. High St., is quietly observing her 90th birthday anniversary today. This evening her four children and their families will gather at Mrs. Lott's home in observance of the anniversary.

Mrs. Lott is a daughter of the late Mr. and Mrs. William A. McIlhenny of Gettysburg. Her children are William M. Lott, Gardners R. D.; John K. Lott, Gettysburg R. 4; Robert C. Lott, Aspers R. D., and Mrs. E. Frank Harbaugh, also of R. 4.

CHANGE CONCERT DATE

Paul W. Grove, president of the Gettysburg Concert Association, today announced a change in the date of the last concert of the season. Sara Endich, mezzo-soprano, who was scheduled to sing here February 7, will give her concert March 18 in the Christ Chapel.

New Rocket In Orbit Will Help Ships, Submarines Determine Their Positions

POINT ARGUELLO, Calif. (AP) — Transit 5A, the guiding star satellite which rocketed skyward with a brilliance visible for hundreds of miles, gave out a steady signal from its polar orbit today.

The signal will help ships and submarines determine their positions more accurately.

Seconds after Transit 5A's launch at 5:26 p.m. (PST) Tuesday, the colorful trail of the satellite's rocket booster reflected the setting sun's rays like colored skywriting.

It was seen by hundreds from San Diego to San Francisco, Calif., and one observer 900 miles away said he saw a glow in the sky at launch time.

TWO LAUNCHINGS

United Telephone 100 Per Cent Dial

XMAS PROGRAM ON FRIDAY IN HIGH SCHOOL

With the changeover Sunday of the Martinsburg and Roaring Spring telephone systems to dial operation, The United Telephone Company of Pennsylvania achieved one of its primary objectives, 100 per cent dial service.

United, which serves 114,000 telephones through 64 mechanical switching centers in 15 central Pennsylvania counties, is now the largest 100 per cent dial telephone system in Pennsylvania and one of the largest in the nation.

The simultaneous conversion of the two Blair County telephone exchanges was carried out at 2:01 o'clock Sunday morning. L. R. Thurston, United president, and other company officials, engineers and technicians were on hand for the history making event which was carried out with a minimum of ceremony.

SERVICES HELD FOR O. P. HOUSE

Oliver Perry House, 39, Aspers mill operator and former district commander of the American Legion, was buried with military honors Tuesday at noon in the Bendersville Cemetery. Veterans from three Legion posts of the county participated.

The Rev. Dr. O. D. Coble, Bendersville Lutheran pastor, conducted the services at 11 o'clock at the Dugan Funeral Home in Bendersville. The Legionnaires were in charge of the military rites at the grave with Associate Judge Clarence Deardorff, a member of Ira Lady Legion Post of Biglerville, serving as chaplain.

These members of the Ira Lady Post, of which House was a past commander, served as pallbearers: Charles Guiden, Robert Eisenhart, John MacBeth, Alfred Fidler, John Lobaugh and Dale Clark.

The buglers were Richard Guise and Samuel Bucher and these members of the Ira Lady Post served as members of the firing squad: Paul Osborn Jr., Earl Ecker, Kenneth Guise, Samuel Halsley, Fred Black, Herbert Newman and Ralph Starner. The squad was commanded by Lloyd Rau.

In the color guard were Elson Grim, James Cover, Leroy Baker and Melvin Kump.

Members of the honor guard included these Legionnaires from Littlestown and Gettysburg posts of the American Legion and the Gettysburg VFW post: Lawrence Crouse, Albert Boyd, Elmer W. M. Dutcher, Ray Harner, Ralph Ruggles Jr., Beavon Hanlon, Chester Byers and Oliver Seguin of the Littlestown post; Charles Moser, John Rummel, Edward Kerrigan and William Orner of the Gettysburg VFW, and Dorsey Rebert and Edward Pittenturf of the Lentz Legion post.

House was fatally hurt early Saturday morning when his car ran off the Gettysburg-Carlisle highway a mile north of Biglerville, struck a power line pole and came to rest in a small stream.

and convicted criminals were being held, erupted at 1:15 p.m. Tuesday when six prisoners made a break for freedom.

They were armed with revolvers and pistols crudely assembled from smuggled parts.

They moved quickly, firing on guards and seizing 20 hostages, including a prison chaplain. The leaders were joined by the 400 inmates in two cell blocks and they barricaded themselves there.

SHOT IN BACK

Hernando Beiro, a hostage in one cell block, said the rioters told two captive guards to eat their supper and then shot them in the back.

A hostage in the other cell block said one ringleader wanted to shoot hostages but was restrained by other prisoners.

City Judge Leopoldo Insaurralde, sent to talk to prisoners at their request, returned after 15 minutes and reported the rioters were in an ugly mood and vowed

YOUNG MOTHER OF 3 HELD ON MURDER COUNT

Mrs. Patricia Osborne Livingston, 21, New Oxford R. 2, mother of three small children, was ordered held for the April grand jury on a charge of first degree murder at a hearing Tuesday evening before Justice of the Peace Dayne E. Garrett, Hanover.

She was charged with assaulting Dorothy Patricia Zinn, 18, of 144 North St., Hanover, on December 8, in Hanover. Miss Zinn died a week later in the Hanover hospital where she had been admitted about 10 hours after the assault.

Mrs. Livingston, who did not testify, was recommitted to York County jail without bail where she had been detained the past 10 days. She was represented by Attorney Richard P. Noll.

WITNESSES TESTIFY

Ronald M. Baublitz, Hanover; Thomas F. Clark, Hanover R. 4, and Harold W. Menges, Spring Grove R. 3, all testified they were in Betty's Restaurant, Hanover, when Mrs. Livingston came into the establishment and talked to Miss Zinn.

They said Mrs. Livingston forced Miss Zinn to accompany her outside where there was an argument. Later they saw Mrs. Livingston pounding Miss Zinn's head on the sidewalk, the three testified.

Baublitz and Clark said they separated the two women and later Miss Zinn returned to the restaurant. Menges testified that Miss Zinn asked him to take her to her grandfather's home at Littlestown R. 1, and that she walked to her grandfather's home.

UNDERWENT SURGERY

Miss Zinn's grandfather, Calvin P. Zinn, testified that Miss Zinn came into the house about 3 a.m. Later in the morning, Zinn said, his daughter-in-law, Mrs. Gladys Irene Zinn, who resides in a trailer near his home, came into the house and they called Dr. George E. Thomassay, McSherrystown, the family physician.

The physician advised Miss Zinn's removal to the Hanover hospital.

Dr. V. P. Pisula testified that, when he examined Miss Zinn, she was unconscious, had bruises over both eyes, had a large imprint on the right side of her head and had scratch marks on her neck.

Dr. Pisula said later the same day a brain operation was performed by Dr. Steven Malina, York neuro-surgeon, to relieve brain pressure in the skull.

Dr. Pisula attributed Miss Zinn's death to "a massive inner-cranial injury."

Eight other persons were subpoenaed but were not called on to testify.

The Commonwealth was represented by District Attorney Daniel W. Shoemaker.

DRIVER CHARGED

A 10-day notice has been sent to Albert R. Bollinger, Gettysburg R. 4, by Justice of the Peace Janice M. Deardorff, of Tyrone Twp., Gettysburg R. 4, on a charge of driving a vehicle not registered with the state Department of Revenue.

KILLS FREAK FAWN

The freak 50-pound fawn with three eyes and two noses, shot in Adams County Monday, was killed by Albert Strausbaugh, 219 Main St., McSherrystown, the state Game Commission reported to-day.

The stage crew members are: Michael Reimer, William Lutz, James Foz and Edwin Walters.

Miss Ruth A. McIlhenny is in charge of the staging arrangements and Paul W. Grove directs the choir.

J. R. FEATHER IS RE-ELECTED

James R. Feather was re-elected president of the Young Republican Club at the organization's December meeting Tuesday evening at the home of Mr. and Mrs. Feather on Fairview Ave.

Misses Alice Biggins and Nancy Eledge were also re-elected to the positions they have held for the past year, vice president and secretary, respectively. George Louser was chosen treasurer and Mrs. Bertha Feather was selected to be historian and assistant secretary. Donald Becker, treasurer for the last year, was not eligible to succeed himself. The historian position has been vacant for the last year.

H. Earl Pitzer, county Republican chairman, discussed plans for the governor's inauguration on January 15. Buses are being chartered to carry those who desire to go to the inauguration and the parade. Reservations with \$1.50 each are to be placed with Mr. Pitzer by January 5. Attendance at the ball in the evening is by invitation only, plus the cost of the ticket.

Mr. Pitzer explained the absence of job applications and noted that any job seekers in the age range of the Young Republican Club (18 to 36) should be interested in the club. He indicated the "futility" contacting him or anyone about a job now.

The program for the meeting included listening to the record spoofing the "First Family." Refreshments of punch and Christmas cookies were served by the hospitality committee.

Amvets' Auxiliary Will Help Needy

Plans to present Christmas baskets to the needy of the area were outlined Tuesday evening at a meeting of the Auxiliary of the Fairfield Amvets at the Amvets Home near Fairfield. According to the plans, the post and auxiliary will join in the presentation of the baskets.

President Geraldine Cook presided at the meeting following which the annual Christmas party of the auxiliary, with exchange of gifts, was held.

A letter of thanks for a donation was received from the Fairfield Girl Scouts. Alice Bushman reported on the State Executive Committee meeting at Harrisburg. It was reported that 40 attended the Christmas party held December 12 for the Amvets' children. Two new members were oblique. Mrs. David Cool and Mrs. Paul Stoner. The pig-in-a-poke award went to Grace Golden. The Alice Bushman annual award went to Sara Ann Shultz. It was announced that Ed Coles, York, will preside at a record hop April 5.

Report Theft Of Two Batteries Here

Robert Waybright, operator of Dave Oyler Motors, York St., reported to Gettysburg police Tuesday afternoon that a battery from a 1954 Mercury and a battery wrench were stolen during the robbery early Saturday morning in which a car a car owned by Carl McCann was stolen and found wrecked later on the Littlestown Rd. near Gettysburg. Waybright said the battery will fit only a 1954 or '55 Mercury or a '54 or '55 Ford.

Mrs. Nandee Lee, R. 6, reported to police Tuesday evening that the battery had been stolen from her car while it was parked in the Hotel Gettysburg parking lot between 7 and 9 o'clock. She said it was a "Mile Master" battery.

MARYLAND CRASH

The Lydia Class of St. James Lutheran Sunday School sang carols Wednesday evening at the Adams County jail and the Warner Hospital. A Christmas party at the home of the teacher, Mrs. Paul L. Reaser, Sunset Ave., followed. Food was brought to prepare a Christmas basket for a needy family and gifts will be given to two Adams County welfare children. The president, Mrs. Paul Boyer, gave a Christmas offering, accompanied on the piano by Mrs. Reaser. A reading was given by Mrs. Karl Swartz, wife of the church's new student field worker. Gifts were exchanged and refreshments served.

Fifteen members of Mrs. Annie Tate's Sunday Class met at the church Tuesday evening for a Christmas turkey dinner prepared by the members. Favors were Christmas booklets prepared by Miss Thelma Coulson in which Bible verses appeared in acrostic form, using the initials of the first and last names of the members. Devotions consisted of each member reading the verses for her first name. Gifts were presented to Mrs. Emory Zepp and Mrs. Lila Craig, teacher and substitute teacher. Cards were signed to be sent to the shut-ins of the church and the class voted contributions to CARE, the Gettysburg Bible Society, Gold Cross and the building fund of the church. Officers for the year were elected as follows: President, Mrs. Milton R. Remmel; vice president, Mrs. William Wavell; secretary, Mrs. Emory Clapp, saddle, and treasurer, Mrs. Lila Craig.

TWENTY-FIVE YEARS AGO

New Home Aim Of Local Elks:

Gettysburg Lodge of Elks, at a

regular meeting Monday evening,

took initial steps toward building

of a new Elks temple on the site

of the present home at 11 Chambersburg Street, when a committee

comprising chair officers and trustees of the lodge and di-

rectors of the Elks Club, was

named to present a building plan

to the lodge. It will be at least

a year before definite action

toward construction will be

launched, it was stated by W.

A. Geiselman, the lodge secre-

tary. He further stated, "The Gettysburg Elks burned their mort-

gage on the present home about

a year ago during the adminis-

tration of Scott L. Smith, as ex-

alated ruler, thereby freeing the

local lodge of debt for the first

time since it was organized 31

years ago, and since then the

building fund has grown rapidly

until the lodge can now see its

way clear financially to provide

more desirable quarters for its

members." The lodge also at its

meeting instituted the J. L. Wil-

lams Memorial Class of candi-

dates for membership which it is

proposed to initiate the latter

part of January. Colonel Wil-

lams, Gettysburg attorney, who

died during the last year, was

"Number One" member of the

Gettysburg Lodge, having been

largely responsible for the orga-

nization of the lodge here. He

was the first exalted ruler of the

local lodge to serve a full Elk

year, having been preceded in

that office only by the late W. C.

Sheely, Esq., who served four

months when the lodge was orga-

nized. The new class is ex-

pected to number at least 50

members. Carlisle Elks has chal-

lenged Gettysburg Lodge to a

pinochle tournament to begin

with the new year, and Dr. E. H.

Markley was appointed chair-

man of a committee to arrange

the details for the tournament,

with play alternating between

Carlisle and Gettysburg.

Today's Talk

THE MIXTURE OF ELEMENTS

No one person is either wholly good or wholly bad. Even our greatest idols have often proved their "feet of clay."

If a man is too good, we who are far from being very good find too little in common between him and us. On the other hand, if a man be too bad, there comes about the same impossibility of mutual happy concord.

Those whom I have loved most have often been great blunderers and those often with vices which I have regretted, but with great in a common humanity of mind and heart!

So often the right sort of defects seem to combine with the right sort of virtues — to make a man! Shakespeare told of in "Julius Caesar" when he wrote of the man with elements so mixed in him that, when he stood up before all the world, he might be called a man.

It is understanding that seems to mould all these elements together and give force and beauty to a character. Trust, sympathy, appreciation, these look upon vice and virtue alike, with eyes that really see. Not that vice is to be excused — but understood. None of us is ever very good abstractly.

In the right sense, to be a "jolly good fellow" and a "regular fellow" is not to be able to shock the finer elements in conduct, but to enhance them! I like the words, genuine and sterling — Oh, yes, and thoroughbred.

Only as we have within us that fine mixture of elements are we able to look into the heart of things and men, and thus to cheer, hearten and inspire.

When I hear the phrase, as appended to some individual, that he is a queer mixture," I immediately pay attention to that individual. He must have something to him of an unusual and outstanding character.

How much there is that we must overlook, forgive — and deeply understand in others, for that is exactly what we must ask of them!

Tomorrow's subject: "Frank-

ness."

GARDEN IN WINTER

And now the garden lies asleep

The summer roses pillow deep,

The vacant wreathes, bleak and bare

The horror of desertion wear

And branch and eave and window

sill,

Where song birds sang, are

strangely still.

The blue jays and the sparrows

brawl

For bits of food—but that is all!

The gentler birds have long since

flown

To lands where snow is never

known.

The gales come stomping through

the gate

But caught they find to violate.

The gold forsythia wears in May

Was long since safely stored

away.

Let winter now ransom the place

'Twill find no bit of Queen Anne's lace.

The garden treasures, under-

In vaults secure are safe and

Undefeated Warriors Lace East Pennsboro To Stay In Tie For Lead; Scrubs Win

A strong second half enabled the unbeaten Gettysburg High School basketball team to breeze through to a 66-42 decision over East Pennsboro in a Blue Mountain League game at Enola Tuesday evening.

The victory was the fourth in a row for Coach Merrill Eckhart's lads and kept them in a deadlock for first place with Big Spring, 59-27 victory over Boling Springs.

East Pennsboro gave the Warriors quite a battle throughout the first two periods and trailed only 33-21 at half time. The Warriors tightened their defense and allowed but two goals in each of the last two frames and pulled away to an easy triumph.

Gettysburg took a 17-16 lead in the first period with the bulk of the scoring coming from Johnny Longanecker who looped three goals and as many fours. Bob Dietz added a pair of goals and Eddie Tilberg and Dick Finkboner one each. Jim Soltis landed six for the Panthers.

Scoring was evenly balanced on both squads through the nip and tuck second quarter.

GHS PULLS AWAY

It was all Gettysburg after intermission. In the third period Dietz led the 14-point barrage with seven tallies while Longanecker added two goals, Tilberg one and Dave Jones a foul. Meanwhile East Pennsboro was limited to goals by Soltis and Lesh and a foul by Diller. Going into the final frame the Warriors were on top 47-36.

The final period was a repetition of the third as the Warriors made good use of the foul line to hike their margin by converting nine of 11 tries. They made good on 20 of 27 during the entire game.

Longanecker was the high point man for the game with 21 on seven goals and seven-for-seven from the free throw lane. Dietz followed with 15 on five twopointers and five-for-five from the foul line. Soltis and Smith netted 11 and 10 for the losers.

Earl Little's junior varsity also remained unbeaten by chalking up a 43-29 verdict in the preliminary. After being held to a 13-9 lead at half time, the Warriors tallied 17 points in the third period, 13 by Tony Bushey, to break the game wide open. Bushey wound up with 20 points and Mike Krick netted 11.

The Warriors will wind up their preholiday campaign at Shippensburg Friday evening.

Man Bludgeons Parents, Brother And Sister To Death, Gouges His Face

By DAVID MAZZARELLA

FREEHOLD, N.J. (AP)—Gabriel Richard Trifari, bloody-eyed from gashes he said he tore into his face, was being held here today after a confession that he bludgeoned his father, mother, brother and sister to death.

"God told me to do it because they were bad," police quoted Trifari as saying.

Trifari, 26, was placed in the county jail here without charges pending an examination by doctors. The Monmouth County prosecutor's office is to decide after the examination whether he is to be arraigned on any charges.

USED CROWBAR

The alleged confession late Monday night culminated a series of bizarre statements and discoveries that began when Trifari appeared at the Lakewood police station with blood streaming down his face and carrying a bundle of eggs.

Subsequently, the four bodies were found bludgeoned with a crowbar at the Trifari chicken farm in Howell Township.

The victims were Maxim and Maria Trifari, the parents, both about 60; Maxim Jr., 28, and Olga, 36.

WANTED A PRIEST

Trifari entered the Lakewood police station, about a mile and a half south of the farm, at 7 p.m.

Where could he find a priest, the short, dark-haired man wanted to know. He needed a priest to bless his bundle of eggs, he told police.

Police asked Trifari what happened to cause the deep wound around his eyes.

"God told me to tear my eyes out," he replied.

IE TRIMMIN'S. "All decked out like a Christmas tree." That's the description of a lovely, as she goes on her holiday rounds. And to that end stores offer beguiling corsages, earrings,

pins and handkerchiefs with personal motifs.

Within minutes it is possible to make a charming touch or two for yourself. Just with a few rolls of 1½ inch red and green plastic tape, you can fashion gay cut-outs that can be used to decorate all manner of accessories. The stuff sticks to every fabric and can be molded to contour.

By way of example, a white chiffon scarf, dime store variety becomes a festive bit with the addition of holly leaves and berries. They are best cut with curved nail scissors. The most effective placement is across the corners of the scarf.

Or, on a plain pink apron, try a stylized Christmas tree theme.

SKYBOLT FIGHT FACES PROBE BY CONGRESS

WASHINGTON (AP)—The fight over the Skybolt missile appeared to be broadening today with a congressional investigation in the offing.

Sen. Richard B. Russell, chairman of the Senate Armed Service Committee, said the whole matter of dropping or continuing the proposed missile will be investigated.

President Kennedy indicated he favors dropping Skybolt when, in his radio-television appearance

military chiefs of staff have voted in favor of continuing Skybolt.

—A Pentagon spokesman said the controversial missile is at least two years behind schedule.

JFK FAVERS DROP

President Kennedy indicated he favors dropping Skybolt when, in his radio-television appearance

Monday night, he said:

"We put in \$350 million into Skybolt. No other country has put anything into the actual manufacture of Skybolt. If we complete it, the British would have bought a hundred missiles, we would have bought a thousand. It would have cost us \$2.5 billion."

Britain has been depending on Skybolt for its main nuclear deterrent, and the matter is expected to come before Kennedy and British Prime Minister Harold Macmillan at their talks in Nassau.

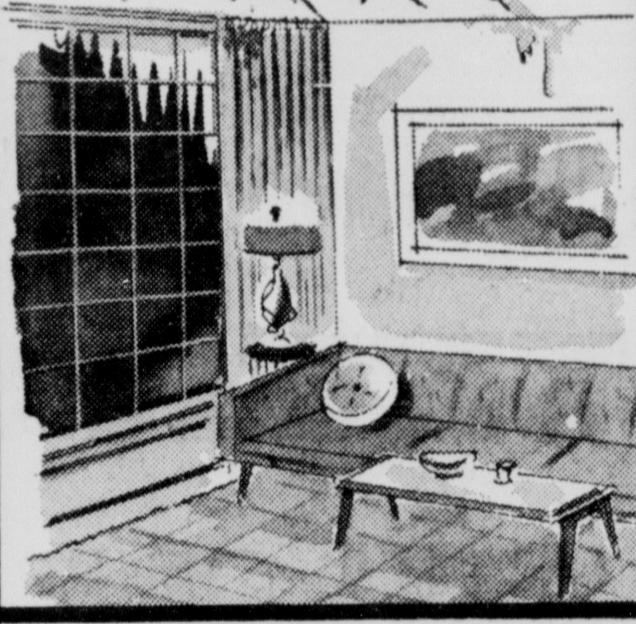

An informant said the Joint Chiefs of Staff—Air Force Gen.

Curtis E. LeMay; Adm. George W. Anderson, chief of naval operations; Army Gen. Earle G. Wheeler, and Marine Gen. David M. Shoup—had unanimously approved going ahead with Skybolt and believed it can be made operational by its late 1964 target date.

If you put electric heat to work outdoors

This will never happen indoors

ONLY ELECTRIC HEAT CAN DO IT!

Protect your house from winter damage with convenient, dependable electric heat. It works outside, as well as inside, to stop winter freeze-up.

Electric heating cable can be easily installed on roofs, rain gutters and downspouts. This cable provides a mild source of heat, which eliminates ice jams. Melted snow runs off, instead of re-freezing and building up. When this happens, water backs up under roofing and may damage house insulation, ceilings, walls and furniture. Electric heat also prevents the heavy buildup of ice which can pull spouting away from the house, and damage wood or shutters.

This winter, enjoy the safety, protection and convenience electric heat provides. Call us, or see your dealer, for complete details.

Instead of exchanging gifts, contributions will be made to the parish plant renewal fund. The hostess committee is headed by Mrs. R. Guy Lain.

Mrs. Walter F. Crouse. Gifts from the auxiliary were given to each member.

There was group singing and group prayer. Mrs. Henry Barnes, president, presided and heard the reports of Mrs. Glenn Lippy, secretary, and Mrs. Lester Myers, treasurer. Gifts were exchanged. Mrs. Walter Crouse, Mrs. Clyde W. Crouse and Mrs. Glenn E. Crouse were appointed to serve as hostesses at the next meeting on Monday, January 21.

Members of the Woman's Community Club of Littlestown and Vicinity who wish to contribute items for the Christmas welfare baskets, and who have not already done so, may leave the items at the home of Mrs. Charles W. Weikert, 21 W. King St., no later than Friday. The baskets will be packed and distributed by the home life department, composed of Miss Malva A. Duttera, chairman, Mrs. Claude E. Snyder, Mrs. Holman L. Sell, Mrs. Orville C. Senn, Mrs. Charles H. Fissel and Mrs. Mollie Yingling.

WOULD FORCE
AMISH KIDDIES
INTO SCHOOLS

LANCASTER, Pa. (AP) — The children of Amish and Mennonite families would be forced to attend school full time until they are 15 under a proposal by Lancaster County school officials.

At present, these children attend school only three hours weekly for formal instruction and spend the rest of the time working on family farms. At 15 they receive work permits and leave school.

Dr. Harry K. Gerlach, Lancaster County school superintendent, said Tuesday local educators next spring will ask the State Department of Public Instruction to end this program.

OUTWORDED IDEA

The Ladies' Auxiliary of the Kingsdale Fire Company met in the engine house on Monday evening. A covered dish supper was enjoyed and the hostesses were Mrs. Anna Bair, Mrs. Henry Barnes and Mrs. Mahlon Bucher. The special door prize went to

JOHNSON GETS TOP LEVEL JOBS AS JFK'S VEEP

EDITOR'S NOTE—Almost two years ago Lyndon B. Johnson stepped out of the limelight that focused on him as Senate leader and into the supporting cast as vice president in the Kennedy administration. What has he been doing? How strong is his position? Jack Bell, chief of The AP Senate staff, analyzes the situation.

By JACK BELL

WASHINGTON (AP)—In quiet contrast to the fanfare which marked his years as a Senate leader, Vice President Lyndon B. Johnson is digging deeper into government than any predecessor.

With the encouragement of President Kennedy, Johnson has branched out from the relative vacuity of his constitutional duty of presiding over the Senate to take a hand in major administrative fields.

By all appearances, Johnson, the one-time whip-cracker of the Senate, has become a cheerful lieutenant to the man he once thought was too inexperienced to be president.

GETS BIG JOBS

Kennedy has gone out of the way to reciprocate by giving Johnson on-the-job training in the executive department far beyond that to which former Vice President Richard M. Nixon pointed in his unsuccessful bid for the presidency in 1960.

The restless energy which always has driven the rangy Texan spills out now in his work as a member of the "insiders" executive committee of the National Security Council, his statutory task of presiding over the Space Advisory Council, his chairmanship of the Committee on Equal Employment Opportunities, his job as head of the Peace Corps' advisory council and his participation in Cabinet sessions.

VISITED 22 COUNTRIES

Kennedy has sent Johnson as his representative to 22 foreign countries and tabbed him to preside over an international manpower conference.

In other days, it used to be something of a news story when a vice president was called to the White House to confer with his chief. Johnson is in and out of the place almost daily, participating in the high policy decisions.

Johnson, for example, knew almost as soon as Kennedy did that the Russians had shipped offensive missiles into Cuba. The vice president is represented as having stood for vigorous counteraction.

Mr. Shnoo's Zoo

BY LUCRECE BEALE

Chapter 15 THE FLOOD

MR. SHNOO got up very early on the morning of Christmas Eve. He did not know what time the Queen would arrive but he intended to be ready for her. He dressed carefully in his best blue suit. He shined his shoes and selected an elegant tie and put a sparkling white handkerchief in his breast pocket.

He went outdoors. It was a fine day. Even the sun was shining, which was unusual at this time of year. Crookshank went hurrying off, his head hunched down between his shoulders.

"Merry Christmas!" called Mr. Shnoo gaily.

Crookshank did not answer but rushed on. Mr. Shnoo shrugged. He was too happy to be annoyed. He whistled a gay tune as he strolled along. Presently he noticed that the path he walked on was damp. As he went on, the path became wetter and wetter until Mr. Shnoo's feet began to get quite soggy. In fact, by now, there was water rushing over his shoes.

He stopped in amazement and looked all around. There seemed to be a flood of water coming down the street, filling the gutters, rolling over the sidewalks and spreading out to the animal cages. Even while Mr. Shnoo stood there, the water rose half-way up his legs.

Attendants began to run from the animal houses shouting "Flood! Flood!" The lions roared in surprise and the leopards growled and leaped against the doors of their cages. Snakes slithered to the pipes and lighting fixtures on their ceilings. The monkeys climbed onto the reindeer's antlers and the seals were washed right out of their pools. Ducks swam down the road and an old sea lion floated over to visit the polar bear.

"Where is it coming from?" cried Mr. Shnoo as the attendants rushed by carrying chickens and prairie dogs and other small creatures that could not swim.

"The main water line has burst over beyond Molly's house!" shouted a man sailing by on a raft loaded with small animals,

steps on Capitol Hill. He is presiding officer but not a member of the Senate. He served in the House and Senate long enough to avoid the pitfalls of an outsider trying to tell members what they ought to do.

That, perhaps, is the key to the Johnson operation: Keep your balance sheet clean, take on any job you're asked to do, but don't get tagged with empire building.

Mr. Shnoo climbed aboard and Santa handed him a paddle and shouted, "Back her up! Full steam astern!"

Mr. Shnoo faced around to Molly's rear and he and Santa paddled furiously while Molly,

Attendants ran, shouting "Flood! Flood!"

Mr. Shnoo waded over to Molly's house. By the time he reached there he was swimming. The hippopotamus was not at all disturbed. She had floated out of her pool and was calmly swimming up and down the big mammal house.

"Now!" shouted Santa. "Give her all you've got!"

He gave a mighty shove and Mr. Shnoo gave a mighty shove and Molly gave a mighty shove and plop! Molly's end went right in the hole and the water was stopped.

4 MEN LOST IN WET CONCRETE

TULLAHOMA, Tenn. (AP)—Rescue workers dug through a mass of concrete and steel at the bottom of a 250-foot deep rocket test cell Tuesday, searching for four men believed killed in the collapse of a 304-ton pie-shaped wedge of concrete.

The freshly poured concrete, which set off a chain-reaction collapse Monday, was the first of six segments designed to cap the \$10-million test cell. It crashed through floors placed about 50 feet apart in the huge hole, carrying additional tons of concrete and steel to the bottom.

The 150-foot diameter hole was blasted through Tennessee limestone for a facility to simulate the atmospheric conditions at 10,000 feet for a rocket booster engine with a half-million-pound thrust. The cell with its three-foot-thick concrete walls was to be

modified later to test the 1.5-million-pound thrust of the Saturn booster.

INDIANS DIG IN FOR LONG WAR WITH REDS

EDITOR'S NOTE—AP correspondent David Lancashire toured the Himalayan northwest frontier in the disputed Ladakh region. Here is his account of conditions there, delayed by relay to New Delhi for submission to Indian censorship.

By DAVID LANCASHIRE

LEH, India (AP)—Indian troops are digging in along the frozen, windswept cease-fire line in Ladakh, one of the world's bleakest areas. Their officers talk of driving the Chinese out, but admit it will take years.

Only wisps of snow dust across the bare plateau northeast of here where two powerful Chinese divisions are poised. The Himalayas and Karakorams—the world's second mightiest mountain range—are so high they cut off snowfall from areas where the bloody fighting occurred in October and November.

SNOW CLOSES PASSES

Key passes in China's Sinkiang Province to the north are reportedly closed by snow, but the Chinese access routes from Tibet, an arsenal to the east, are still open. And the Chinese strength is so superior in Ladakh that Peking can press the trigger again whenever it wants to.

To avoid giving provocation, Indian troops are not moving forward into the no-man's land left between the two sides. But there is no sign that they are pulling back the 12½ miles demanded by Peking in its cease-fire proclamation.

As many as 50 Indian air force planes, thread their way daily through the Himalayas—when weather permits—ferrying supplies. The only road connecting Ladakh to the rest of India is closed by snow.

TWO-DAY BATTLE

Big U.S. Air Force C130s with American crews also swoop past 900-year-old Tibetan-style monastery to land cargo on Leh's steel-strip runway.

In the bitter fighting in Ladakh, most of the battle was over in two days. India lost an estimated 491 men: garrisons of some posts were almost entirely wiped out.

modified later to test the 1.5-million-pound thrust of the Saturn booster.

SENGHOR WINS BIG VICTORY

All ranking army and police officers went to Senghor's official residence at 4 a.m. to renew their oath of allegiance to the chief of state.

Senghor is running the country as a strong man for the time being. Parliament authorized him to submit to a national referendum proposing constitutional reforms making the president the head of government.

PAOLI, Pa. (AP)—Charles W. Moll, 67, of Wayne, was killed Monday night when, police said, his car was struck by another on Route 363 in Tredyffrin Township adjacent to the Pennsylvania Turnpike.

Investigators said Moll apparently drove his car off a restaurant parking lot into the path of one operated by 21-year-old Gerald Connally of Paoli. Connally escaped injury.

Moll, a service station attendant, was dead on arrival at Montgomery Hospital in Norristown.

Red Desire To Convert World Makes 60s Dangerous Years

By DOUGLAS B. CORNELL

WASHINGTON (AP) — President Kennedy believes the Cuban crisis taught Soviet Premier Khrushchev "how dangerous a world we live in" but that it will be some time before the United States will "come to any real understanding" with him.

If the Communists would devote their energies to demonstrating how their system works instead of trying to change the balance of power "we could have a long period of peace," Kennedy said.

But it is, he said, the Red Chinese and Soviet determination to make a Communist world in a nuclear age that "makes the sixties so dangerous."

THREAT THWARTED

However, in a chatty interview that set a television "first" Monday night, the President said "we ought to be rather pleased with ourselves this Christmas" for thwarting the threat of Communist domination.

The President made no effort to paint a rosy picture of U.S.-Soviet relations in the interview which was also carried on radio.

The Cuban crisis, he said, has made successful negotiations with the Kremlin more difficult because the Russians — through deception — tried to change the balance of power by sneaking missiles into Cuba.

"So it is going to be some time before it is possible for us to come to any real understanding with Mr. Khrushchev."

He saw no advantage in a summit meeting soon.

"I don't think there is a need for us to meet now," he said. "I think probably he feels the same way."

SOVIET SEES PERILS

Kennedy said, though, that the Soviet premier's speech to the Supreme Soviet (parliament) last week shows that he realizes perils of the nuclear age.

Khrushchev knows, he said, that if Russia ever fires its missiles the United States will have enough to "fire back at him to destroy the Soviet Union."

The chief executive covered much of the world in an hour-long question-and-answer session with William H. Lawrence of ABC, George Herman of CBS and Sandor Vancour of NBC.

The verbal tour brought out evidence that Kennedy has all but written off the possibility of opening Cuba — or any Communist territory — to inspection. Yet his administration has laid down a fundamental policy that inspection is vital in Cuba and necessary to any disarmament pact with Russia.

He brought out word, too, that Kennedy still thinks he was right in forcing a rollback of steel

prices and in ordering troops onto the University of Mississippi campus to protect Negro James H. Meredith.

The interview was filmed Sunday afternoon in Kennedy's oval office at the White House. It lasted 90 minutes and then was condensed to 60 by the networks.

BROAD FIELD

The President and the reporters dug into a broad field of subjects in leisurely fashion. They turned up some nuggets of new information but none of really startling proportions.

In the process, Kennedy:

Contended the air-to-ground Skyslide missile, a focal point of controversy with Britain, wouldn't provide "\$2.5 billion worth of national security." The \$2.5 billion is the estimated cost of perfecting the weapon.

Disclosed that "we are going to wait for a further period of investigation" before putting into production the Nike Zeus system of anti-missile missiles. It would cost more billions.

Again called on "rich Western Europe" to do its part in bearing the burdens of defense of the free world while relying on the United States arsenal for nuclear weapons.

APPRaised HOUSE

Figured that as a result of the Nov. 6 election, the House is "slightly against us more than it was." He emphasized "slightly" and added: "We are not in quite as good shape as we were the last two years." The Democrats lost four seats and the Republicans gained two in a House whose total membership decreased from 437 to 435.

One thing Kennedy has found out at the White House:

The problems, the nation's responsibilities in an uneasy world, the limitations on "our ability to bring about a favorable result" are greater than he had imagined they would be.

"It is," he said a bit wistfully, "much easier to make the speeches than it is to finally make the judgments."

Sometimes, Kennedy conceded, his decisions have been wrong.

He was wrong, he said, in the Cuban invasion. Fiasco of last year—but right in clamping a naval blockade around Fidel Castro's island in October.

Youngsters Locked In Store 11 Hours

CAMBRIDGE, Mass. (AP) — For "Peewee," 7, and "Fatty," 9, it really was like Christmas.

They spent 11 hours alone in a closed department store—a store with lots of toys, cameras, shoes, watches—even a soda fountain.

An original door panel in deep blue and white at the home of Mr. and Mrs. John Brown won first place in the class for their 14-year-old son, Jeffrey, in the annual Christmas lighting contest sponsored by Bigerville Businessmen's Association. Homes were judged Monday evening. (Times photo)

CONSPIRATOR FORFEITS BOND IN TEXAS CASE

HOUSTON, Tex. (AP) — The \$50,000 bond of Edward Hugh Wuensche, 33, Holland, Pa., who

is under indictment on a conspiracy charge, has been ordered forfeited.

Wuensche is charged with conspiring to dispose of an estimated \$5 million in stolen securities.

Judge Allen B. Hannay of U.S. District Court here was asked by the government prosecutor to forfeit the bond because Wuensche failed to appear in Houston for arraignment Dec. 3.

A telegram from his lawyer, read in court Dec. 3, said Wuensche could not appear because he was under treatment for heart trouble in a Philadelphia hospital.

Asst. U.S. Atty. William M. Schultz told the court Monday two heart specialists who examined Wuensche said he had no physical infirmity and was able to travel.

Judge Hannay ordered Wuensche rearrested and brought to Houston for arraignment Friday. He set a new bond of \$100,000.

A federal grand jury also indicted eight others on the conspiracy charge, including the director of a Houston bank.

SCOTT TURNS DOWN TV ROLE ON NEWSPAPER

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — The Columbia Broadcasting System, for almost a year has been working on a 1963-64 season television series to star actor George C. Scott as a newspaperman.

But now Scott—considered by many to be one of the most exciting dramatic actors in today's theatre—has decided against it.

"Scott felt that the newspaper approach did not afford him much dramatic range," explained Michael Dann, the CBS programming vice president who has been developing the project. "He felt that, essentially, a writer is a passive character whose most important work is done alone, at a typewriter."

PLAN NEW SERIES

So now, CBS expects Scott will play the lead in another series also planned for next year, "East Side, West Side," in which the hero is a social worker.

"In this part, the leading character can get actively involved, and he can cope with everything from murder and narcotics addiction to marital problems," explained Dann.

Actor Scott has put his finger on a troublesome television situation.

With the networks awash with doctors, nurses, lawyers, rodeo riders, cowboys, public and private investigators and others who become "actively involved," the list of glamorous occupations for characters who really do things is pretty well exhausted.

BIZARRE CONFUSING

Dann, admitting sadly the famine of fresh and novel "doers" block manufacturers, 17.

Hodges Claims Nation's Production At Top Pace

WASHINGTON (AP)—Secretary of Commerce Luther H. Hodges said Tuesday the nation's production is now at a record pace, but a prompt tax cut is needed to increase it still further.

A tax cut is needed, he said.

Hodges said consumer and government demand have been major factors in advancing production. Consumers are willing "to spend freely," he said. Personal income in November reached an annual rate of \$47 billion, nearly \$2 billion above October and 6 per cent above November, 1961.

"This high level of income practically insures a record Christmas business," Hodges said. He forecast December retail sales would exceed those of Christmas month last year by 5 per cent.

Hodges, an early advocate among Kennedy administration officials of tax reduction, said cuts should not await congressional action on tax reforms—a position the President took last week.

FASTER RESULTS

If reduction waits upon reform, Hodges said, the reduction "might get watered down."

Hodges said emphasis should be on cuts in personal income taxes, in order to channel money "into the mainstream" and to achieve faster results.

Hodges opposed a quickie cut aimed only at halting a possible drop in economic activity.

Any cut, he said, would have immediate effects, but the main purpose should be to stimulate the economy over a long period of time.

"We have an inequitable tax system," Hodges said.

The secretary also endorsed a reduction in corporate income taxes from the present 52 per cent rate to 47 per cent. He called the latter "a good psychological figure," designed to release funds for capital investment.

THE WINNING END

I'm the father of two pretty girls . . . ten years and twenty-one . . . and through their youth I've taught them how . . . to be good and still have fun . . . and so I wish to pass along . . . the lessons they have learned . . . I beg the kind indulgence . . . of those who are concerned . . . always remember to be pure . . . in all you say and do . . . and you will gain profound respect . . . from those who walk with you . . . seek love founded on purity . . . turn from temptation's call . . . and yours will be a happiness . . . that will outshine them all . . . to be true to the husband of your choice . . . however the road may be bumpy . . . do this and you will always be . . . on the winning end.

NEW YORK (AP) — A three-judge federal court panel unanimously upheld today the merger of the Delaware, Lackawanna and Western Railroad with the Erie Railroad. It dismissed a stockholders' complaint attacking the merger.

The merger was made on October 17, 1960, pursuant to an order of the Interstate Commerce Commission. It was contested by 10 stockholders of the Lackawanna.

MRS. HEARE'S SERVICES HELD

Private funeral services for Mrs. Mary Louise Heare, 35, Fayetteville, who is alleged to have been shot by her husband, Victor S. Heare, Monday morning, will be held Thursday at 2 p.m. at the Sellers Funeral Home, Chambersburg. Interment in Lincoln Cemetery, Chambersburg. Friends may call at the funeral home this evening from 7 to 9 o'clock.

Heare is confined to the Franklin County jail. Dr. John P. Manges, Franklin County coroner, said an autopsy indicated that Mrs. Heare had been shot from the back with a bullet from a .22 caliber rifle. Police indicated the domestic difficulties between the two had flared frequently recently.

A daughter of Clyde W. and Dorothy Kope Tolbert, of Fayetteville, Mrs. Heare was born in Fayetteville on November 13, 1927. She was a member of the EUB Church in Fayetteville and had been an employee of the Carroll shoe factory in Mont Alto for the past four years.

Surviving, in addition to her parents and her husband, are a daughter by a previous marriage, Edwina Rae Kepner, who resides with her maternal grandparents in Fayetteville; four daughters and a son by her second marriage, Diane Louise, Karen Ann, Lois Jean, Angela Marie and Dennis Victor Heare; three brothers, Harry R. and Frank T. Tolbert, both of Fayetteville, and Warren C., of Baltimore, and two sisters, Mrs. Robert Bowling, of Chambersburg R. 5, and Mrs. Dale McDowell, of Orrtanna.

BOGUS CHECK

(Continued from Page 1) attorney appointed by the court because there had been only two counts in the charge to which they had pleaded guilty before the justice of the peace. Later in the afternoon, when the three counts were explained, they signed the indictment and were sentenced.

William E. Shockley, Severna, Del., and Harris Knadler, McKeesport, were sentenced from 90 days to one year in jail on two charges of forgery, the one based on a check cashed in Littlestown, the other on a check they attempted to cash in McSherrystown.

Judge W. C. Sheely commented the two had "added a new wrinkle to an old game" in their check passing.

Both checks were made out to a "Frank Brauner," and signed by names purporting to be those of nuns, and the checks were marked "convent supplies."

At Littlestown where they used the signature "Sister M. Isadore, Sisters of Mercy" the check was cashed. At McSherrystown where they signed a check "Mother Teresa, Sisters of St. Joseph,"

none of the merchants would cash the check but they called police.

The two carried with them a copy of an army discharge of a "Frank Brauner" which they used to identify themselves in cashing the check.

They said they had bought the discharge copy "from another fellow," Shockley told the court he is wanted for grand larceny in Virginia and Arizona. Both said they had been salesmen for Globe Reader Service.

Is Invested In Special Ceremony

The Very Rev. Msgr. Rodney F. Hemler, son of Mr. and Mrs. Cornelius Hemler, New Oxford R. 1, was invested as papal chamberlain of the Diocese of Altoona Sunday at a special ceremony in the Cathedral of the Blessed Sacrament, Altoona.

The Most Rev. Carroll McCormick, bishop of Altoona, presided. Monsignor Hemler also serves as chancellor of the diocese. Following the ceremony a banquet was served at the Penn-Alto Hotel, Altoona, for relatives and friends.

Attending the ceremony were the Rt. Rev. Msgr. John P. Bolen, pastor of Sacred Heart Basilica, Cennewago; the Rev. Thomas Smith, assistant pastor at St. Anne's Church, Lancaster; Mr. and Mrs. Cornelius Hemler, New Oxford R. 1; Mr. and Mrs. Richard Brady and daughters, Kathryn and Cheryl, Hanover R. 4; Mr. and Mrs. Leo Smith, West Caldwell, N.J.; Mr. and Mrs. Herman Shireman and Ronald, Hanover; Mr. and Mrs. Joseph Smith, Misses Agnes Long, Pauline Sneeringer and Fronnie Menter and Mrs. Paul Gebhart, Cennewago.

DRIVER FINED

Carl F. Beaverson, Hampton, was found guilty following a hearing on a charge of making an improper signal placed by state police following an accident in Hampton. Witnesses held that Beaverson pulled to the center of the highway and had his arm extended straight out the window, the signal for a left turn, then turned sharp right. Beaverson contended he had the turn signals on his car working and that he had his hand out the window but was moving his hand and arm up and down in the signal to slow down. The court fined him \$10 and directed he pay the costs.

Robert L. Aughinbaugh, New Oxford R. 2, was directed to pay \$7.50 per week for the support of a child following a non-support hearing.

Jesse J. Stutler, Gettysburg R. 4, before the court on a desertion and non-support charge, was given no order for support of the wife but the case was continued pending the birth of a child.

Charles E. Brent, Gettysburg R. 4, was ordered to pay \$40 per week for the support of his wife and three children following a hearing.

TOKENS ABOLISHED

HARRISBURG (AP) — The Public Utility commission Tuesday approved a proposal by Valley Transportation Company of Lemoyne to eliminate a 23-cent token on bus rides between Harrisburg and points in Cumberland, Perry and Adams counties. Instead of the token, the firm received approval to charge a base 25-cent cash fare starting December 30.

NEW YORK — Ray Batey, 195½, New York, knocked out Lew Moses, 185¼, New York, 1.

A coroner's jury Tuesday ruled "an unavoidable accident" claimed the life of William P. Strausbaugh, 30, Brushtown, on November 18 in the partial cave-in of a sewer ditch being dug in Spring Grove.

Wilbert L. McMaster, foreman for the Utility Construction Company, York, for whom Strausbaugh was working, spent 45 minutes on the witness stand and was questioned by District Attorney Daniel W. Shoemaker.

McMaster, of York R. 7, later was recalled and testified that he had supervised the dynamiting of several small boulders in the ditch the morning of the accident.

McMaster and other witnesses said that Strausbaugh had gone into the 13-foot deep ditch immediately after it had been excavated by a power shovel. The accident occurred at about 1:30 p.m.

Strausbaugh had a plank in his hands to begin shoring up the sides of the ditch when a large chunk of soggy, wet clay fell on him, according to witnesses. It was estimated that the chunk weighed from 500 to 600 pounds.

INSTANT DEATH

Strausbaugh's body was completely covered by six to eight inches of loose dirt, according to witnesses.

Dr. Thomas M. Hart, county coroner, said an autopsy showed Strausbaugh died almost immediately when the weight of the dirt compressed his chest and broke the large artery from his heart.

McMaster described the ditch as 12 feet wide at the top and three feet wide at the bottom.

He said that it had been raining for several days previously and the red clay soil was wet and soggy.

He described Strausbaugh as an experienced employee who had been foreman on other jobs. Strausbaugh, he said, went into the ditch to start putting in two

Faulty Body Chemistry Seen In Many Mental Breakdowns

EDITOR'S NOTE—Drugs have proven useful treatments for various mental illnesses. Here is an up-to-date report on their effectiveness and on the controversial evidence that much mental illness may stem from faulty body chemistry and not traumatic psychological situations. Third in a series of five special reports on mental health.

By ALTON BLAKESLEE
AP Science Reporter

NEW YORK (AP)—"The devil still talks to me," she said, "but I don't bother to holler back."

Thus did a tranquilizer drug bring one woman a ticket back toward mental health. From then on, she could cooperate with psychiatrists to work out an understanding of her emotional illness.

The "mood drugs," such as tranquilizers to calm excited minds and psychic stimulants to combat depression, are part of an exciting chemical era in mental health. There are two great objectives.

One is to develop far more effective drugs for various types of mental illness.

The other is increasing, if controversial, evidence that much mental illness may stem from faulty body chemistry.

If specific chemical errors could be pinpointed, they probably could be corrected to prevent or cure mental ills, much as vitamin C combats scurvy.

Psychiatrists are divided over prospects of such chemical controls.

Tranquillizers, coming on the scene about eight years ago, and antidepressants are having tremendous impact. Men and women sick for months or years have described the mental effects as the lifting of a curtain or cloud, or brightening of a dark room.

Drugs have provided a bridge to home for many thousands of men and women. Many continue taking them.

With early, prompt use of drugs, through clinics or private physicians, many persons would never have to go to mental hospitals in the first place, declares Dr. Nathan S. Kline, director of research at Rockland State Hospital, New York.

OPINIONS DIFFER

Other psychiatrists are less convinced of the value of drugs—some 30 different tranquilizers and more than a dozen antidepressants are available now. Some say equally good or better results are obtained with intensive psychiatric treatment of patients, but admit to the shortage of psychiatrists.

The National Institute of Mental Health has set up the Psychopharmacology Service Center to speed the screening and testing of new compounds.

To many researchers, a great encouraging fact is that mood drugs do affect the brain, even though the mechanisms are not fully understood.

And certain other drugs, such as mescaline and LSD, actually produce hallucinations or other symptoms of severe mental illness in healthy persons—more reason to suspect that faulty body chemistry could be the reason for at least some types of mental illness.

CHEMICAL ABNORMALITY

In another sign, scientists have found abnormal chemicals, or abnormal amounts of regular body chemicals, in the blood and urine of schizophrenic patients. Whether these are the result or, possibly, the cause of mental illness is not yet known.

A few conditions now are known in which an inherited chemical defect or dietary deficiency causes mental retardation in children. Damage is avoided if the trouble is detected in time.

George Bloom Gets State Office; Truax Is Endorsed For Pa. GOP Chairmanship

HARRISBURG (AP)—Gov-elect William W. Scranton has made his first public move toward reshaping the image of the Pennsylvania Republican Party as a youthful, aggressive organization.

The 45-year-old Scranton Tuesday appointed George I. Bloom, 64, state party leader since 1956, as secretary of the commonwealth and endorsed 34-year-old Craig Truax for Bloom's job as Republican state chairman.

Appointment of Bloom to the \$20,000-a-year post followed by a few hours Scranton's selection of Henry D. Harral, 60, of Penn Wynne, Montgomery County, as state highways secretary.

BACKS TRUAX

Bloom said he will resign Jan. 14, adding his endorsement of Truax to Scranton's. The 117-member GOP committee will meet that day to elect a successor.

The Scranton administration assumes control of the state government at noon, Jan. 15.

Scranton had said after the election he had given Bloom the choice of staying on as party chairman or accepting a cabinet position.

The governor-elect has said he does not want key personnel holding high party offices.

WAS PUBLICITY AIDE

Bloom has said he has never collected a salary from the Republican State Committee.

Truax, who came to the GOP committee in 1956 as a publicity aide after serving as editor of the Wellsboro Gazette, is expected to be raised in salary from \$12,000 to \$20,000 annually.

Harral, a Republican who had served as first deputy secretary of highways in the administration of former Democratic Gov. George M. Leader, is a former streets commissioner of Philadelphia.

2 HIGHWAY GOALS

He will succeed Park H. Martin in the \$20,000 a year position. Martin, also a Republican, has announced his intention to retire.

In naming Harral, Scranton said:

"The next administration will have two main objectives in its highway program—one, to move along as rapidly as possible in the construction of needed new roads, particularly the interstate system; two, to maintain existing roads with greater efficiency."

Harral was high in praise of Martin, saying:

"I have the highest regard for his ability and what he has accomplished. I hope to build on the base he has set up and hope to make it even better. It will make it easier to carry on after a man such as he."

NEGRO BEATS HIS WIFE IN PHILLY COURT

PHILADELPHIA (AP)—Theodore Blackson, 28, who attracted attention a year ago for punching an official and several women in court, was back in the news today—this time for punching his wife in court.

Brought into Judge John Boyle's courtroom Tuesday for a hearing on nonsupport charges, Blackson was accused by his wife of beating her two weeks ago.

"Is that right?" asked the judge, who had just continued the nonsupport case for two weeks. Blackson replied with a glare at his wife. He grabbed her by the throat. Then he started punching the woman, nine years his junior, and considerably smaller.

"Stop that man," shouted Judge Boyle. Paula Rand, an assistant district attorney, screamed and ducked for cover.

Court attendants closed in on Blackson, but he eluded them by backing into a row of chairs using his wife as a shield. All this while he kept beating her.

Finally two deputy sheriffs and a bystander got their hands on Blackson. It didn't stop him but it slowed him down until others from a nearby courtroom could join the fray.

Mrs. Blackson, her face and neck badly bruised and her eyes swollen, declined medical attention.

Blackson was charged with assault and battery and ordered held in \$5,000 bail.

A year ago Blackson also was charged with assault and battery when he was brought into court to answer nonsupport charges and ended up by swinging on a court official and several women. He was later placed on probation. The Blacksons are Negroes.

SEEK REPEAL OF ACT 561

PITTSBURGH (AP)—The Pennsylvania School Boards Association plans to seek the repeal or delay of the new school district merger law.

John A. Broglie, school board president in nearby Snowden Twp. and head of a special association committee, said Tuesday the group will ask the state legislature to hold public hearings before passing any new school merger legislation.

He said the association will also seek these points:

1. Creation of a Senate-House Committee to draw up minimum standards of adequate education as outlined by the Governor's Education Committee.

2. A referendum on the merger question, within a year, in school districts currently in jointures. If the vote goes against mergers, the question would be placed on ballots again in five years.

3. Guarantees of the right of each school district to appeal to the courts, from decisions of the State Council of Education; and guarantees of the right of referendum on school consolidation questions.

to downgrade those chosen for the clash, but he hated to see such players as Pittsburgh's Ernie Stautner, also a defensive end, passed over in the selection. The Pro Bowl is scheduled for Los Angeles Jan. 13.

DEMAND FOR ALUMINUM UP

PITTSBURGH (AP)—Demand for aluminum in 1963 could equal

or even surpass previous all-time highs, but the industry faces an unfavorable price situation, says

the president of the Aluminum Co. of America.

In his year-end statement Tues-

day, president Lawrence Litchfield said, "Given reasonably favorable economic conditions, from the

standpoint of volume, the year 1963 should be a relatively good

year for the U. S. aluminum indus-

try, but the general pricing situa-

tion must improve if the industry

as a whole is to achieve reason-

ably satisfactory financial re-

sults."

He noted that the U. S. produc-

tion of primary aluminum reached

some 2.12 million tons in 1962,

more than a five per cent rise

over 1960's previous high.

The industry's confidence in the

future, he said, can be seen in

the many announcements of pro-

grams for new facilities both

here and abroad in the past year,

despite what he called a present

excess of capacity.

Award Contract

For Shortway

HARRISBURG (AP)—The State Highways Department awarded a \$3,794,335 contract Tuesday for construction of a 6.64 mile stretch of the Keystone Shortway in Monroe and Columbia Counties.

The contract went to Glasgow, Inc., of Glenside.

It calls for construction of four

lanes of road, a 60-foot median

and eight bridges in Valley, Hem-

lock and West Hemlock Towns,

The Highways Department also

LISTON URGES ROUND ROBIN FIGHT SERIES

TORONTO (AP) — Champion Sonny Liston, although he said he didn't think the best of them would last two rounds with him, Tuesday night suggested a heavyweight round-robin series involving himself, former champions Floyd Patterson and Ingemar Johansson and brash Cassius Clay.

Liston, appearing on Canadian television, said the best idea would be for promoters to match him against Johansson and Patterson against Clay.

The winners of these two bouts would then meet for the title, he said.

DOWNGRADES TRIO

Liston ran all three of them down, however.

He said he doubted the public could be sold on a rematch with Patterson following his one-round knockout of the former champion.

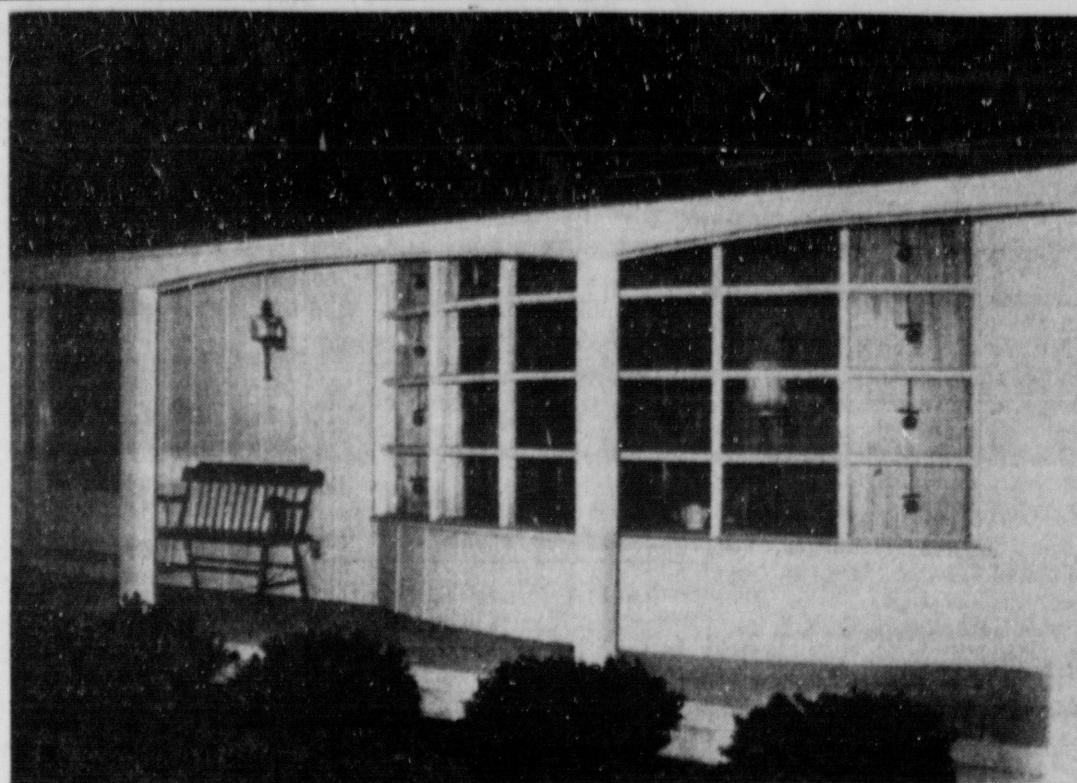

"People listen to his mouth, but they don't watch him fight," Liston said of Clay, the talkative challenger whose last victory was a "call-your-shot" fourth-round KO of ancient Archie Moore.

"Johansson is the strongest boy right now," said Liston, but he said he didn't think the Swede would last two rounds against him.

FINANCIAL TROUBLES

The champion said he did not doubt that a \$1 million offer by Johansson's advisor, Edwin Ahlquist, to meet the Swede in Stockholm was legitimate.

DUKE IS UPSET BY DAVIDSON; BREAK STRING

By BEN OLAN
Associated Press Sports Writer

Cincinnati's top-ranked college basketball team had better watch

the upset-hungry Davidson Wildcats may be loaded for Bearcat.

It's a sure thing Cincinnati, which has won 24 in a row and has a date with Dayton Thursday, will be more respectful when the teams meet on the Bearcats' court Saturday.

Because, Tuesday night, Davidson turned in one of the major upsets of the young campaign by knocking off second-ranked Duke 72-69 at Charlotte, N.C.

The setback was the Blue Devils' first in seven games and lifted Davidson's record to 5-1. Duke had won 52 of the 59 previous meetings between the teams including one by a 76-68 count three weeks ago.

HETZEL SCORES 27
Fred Hetzel and Bill Jarman sparked a tremendous team ef-

fort, Hetzel scored 27 points and Jarman 21. Art Heyman and Jeff Mullins each had 21 for Duke.

In other top games, sixth-ranked Colorado defeated Creighton 76-55; Vanderbilt routed Louisville 95-72; Memphis State upset Minnesota 78-70; UCLA beat Butler 81-68; Wake Forest came from behind to defeat Virginia 78-73; Oklahoma trounced Texas Tech 85-62 and Stanford edged Oregon 54-51.

Elsewhere, Tulsa set a school scoring record in defeating Adams State College of Colorado 107-54 at Tulsa; Oklahoma City downed North Texas State 79-63 at Denton, Tex.; Cornell romped over Syracuse 93-77 at Ithaca, N.Y.

At Worcester, Mass., Holy Cross walloped St. Anselm's 85-64 and Rhode Island ran up its highest score in a decade while trouncing New Hampshire 121-92 at Kingston, R.I.

La. Courthouse Flies Rebel Flag

VIDALIA, La. (AP) — Outgoing Gov. Lawrence bade farewell Tuesday to members of the Pennsylvania Industrial Development Authority and congratulated them for a "most enviable record."

Lawrence said that during his administration the PIDA had granted 186 of the 258 loans approved in the total life of the organization set up in the administration of Gov. George M. Leader.

"Of a total of 40,947 new job opportunities, 29,031 of them have resulted from actions in the last three years and 11 months," Lawrence said, adding:

"In view of the greater understanding and increased interest shown in the business community, I am certain that PIDA's foundation has been solid and that in the years ahead, PIDA will continue to become a great force in the solution of Pennsylvania's pressing unemployment problems."

PIDA chairman is State Commerce Secretary Thomas J. Monaghan.

GILCHRIST IS CHOSEN AS AFL PLAYER OF '62

NEW YORK (AP) — Cookie Gilchrist, a traveling man who was the first player to run for 1,000 yards in the American Football League, is the Player-of-the-Year in the three-year-old pro loop.

An Associated Press committee of writers and broadcasters from the eight league cities named the 243-pound fullback of the Buffalo Bills Tuesday.

"That's wonderful. The man deserves it," said Bills' coach Lou Saban.

Gilchrist spent nine years in Canadian football, playing with five teams in three leagues, before he found a home with the Bills last season.

BOOSTED BILLS

"He helped bring the Bills from the bottom to near the top," said Saban.

The bruising fullback, now 27, went directly from high school to the Canadian League in 1954, when he was 19. He was finally waived out of that league by the Toronto Argonauts, with a reputation of being hard to handle.

The Bills reportedly paid him \$20,000, and got their money's worth. Saban said Gilchrist has not signed his 1963 contract, and the honor "only makes it more difficult."

Gilchrist received 13 of the 24 votes cast by the AP committee.

Len Dawson, the 27-year-old quarterback who led the Dallas Texans to the Western Division title, drew eight votes for second spot.

The fireside chats of Roosevelt enabled the president to talk to the people direct about a special problem at a special time.

Kennedy's session with network newsmen brought such widespread expressions of interest and approval that it seems likely the format may be used again, perhaps with variations.

There wouldn't be too much surprise around Washington now if the President substituted the small, televised interview for some of the catch-as-catch-can news conferences he holds in the formal, theatrical setting of the State Department auditorium.

LIKENS JFK'S TV SHOW WITH FDR'S "CHATS"

EDITOR'S NOTE — President Kennedy may have inaugurated a new technique for getting his views to the public. Douglas B. Cornell, who has covered the White House for the Associated Press since the early days of the New Deal, compares Kennedy's rocking chair interview with President Roosevelt's fireside chats.

By DOUGLAS B. CORNELL

WASHINGTON (AP) — President Kennedy may have kindled a new version of the old fireside chat when he let the American people look in and listen to an interview he had Monday night in his White House office.

It was the late Franklin D. Roosevelt who came up with the idea of establishing direct communication with people by the millions. In the 1930s and 1940s his mellow voice and rolling phrases were heard periodically on radio — reports to the nation that became known as fireside chats.

There were some likenesses and differences in comparison with Kennedy's televised interview for three reporters Monday.

ROCKER VS. DESK

One similarity: FDR always used to sit at a desk and talk into microphones; Kennedy sat in a chair — a rocker — and an inconspicuous microphone hung around his neck.

But Roosevelt's addresses were one-man efforts, whereas a foursome was involved in Monday night's program. And television, of course, added the extra dimension of sight lacking in the days of FDR. The Kennedy interview was carried on radio as well.

Kurtzman Will Join Penn Staff

HARRISBURG (AP) — David H. Kurtzman, state secretary of administration, plans to join the staff of the University of Pennsylvania after the new administration takes over next month.

Kurtzman said Tuesday he would serve as senior research and educational associate at the Fels Institute at Penn and as a lecturer on political science at the Wharton School of Finance.

Dr. Kurtzman was appointed administration secretary by Gov. Lawrence in 1959 after taking a leave of absence from the Pennsylvania Economy League where he was research director.

Kurtzman gave no reason for not rejoining the Economy League.

JFK REBUKES NATO ALLIES IN RED FIGHT

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—President Kennedy, in a sober and coldly realistic look at the world, paints no rosy picture about the days ahead.

In an hour-long interview with three reporters on television Monday night:

REBUKED ALLIES

1. He gave American allies in Europe an almost brutal rebuke for not doing their share against communism.

2. He threw cold water on any summit meeting soon with Premier Khrushchev and on any idea it would do good if held soon.

3. He told those who think this country has borne too much of the world's burden too long: "We can't lay it down . . . in this century."

4. He expects about as much tough going with Congress in 1963 as he had in 1962. In this year's election Democrats picked up four Senate seats, the Republicans two House seats.

5. He indicated none of the optimism which swept over some people here after Russia's backdown on Cuba. They seemed to see or sense big changes coming.

NATO TROOPS WEAK

The Allied forces in NATO are supposed to be their first line of defense against a Communist attack. The American allies have been notoriously deficient supplying their share of troops.

But this has generally been upheld by the American government, apparently for fear of offending the West Europeans. The United States also has been shouldering the big bulk of aid to backward countries.

Kennedy pointed out the United States has six divisions in NATO, "about a fourth of all the divisions on the Western front."

They are the best equipped. They can fight tomorrow, which is not true of most of the other units.

CARRYING SPACE PROGRAM

"So we are doing our part there. And we are also providing the largest naval force in the world. We are also providing the nuclear force in the world, and we are also carrying out the major space program for the free world, as well as carrying the whole burden in South Viet Nam."

He said the United States is more than doing its part and "we hope Western Europe will make a greater effort on its own, both in developing conventional forces and in assistance to the underdeveloped world."

This is as blunt as any president has talked to the Allies in public. Kennedy sounded like a man fed up with listening to excuses.

Last week Khrushchev made a fairly mild speech on Russiana-American relations. Kennedy referred to this speech to say "we are better off with Khrushchev than with the (Red) Chinese."

SEES NO RED CHANGE

But if anyone thought this meant Kennedy saw a new era coming, he quickly provided the disillusionment with this single sentence: "But Mr. Khrushchev does not wish us well, unfortunately."

And he added: "I don't think we are about to see a whole change in Communist policy . . ."

"Until we see some breakthrough in some one area I don't see there is much advantage in Mr. Khrushchev and I meeting, even though we have been in communication . . . I don't think there is a need for us to meet now. I think he probably feels the same way."

RUSSIA BUILDS SCIENCE CITY

NEW YORK (AP)—Former Sen. William Benton of Connecticut back from a trip to the Soviet Union, reports the Soviets are building a vast new "science city" deep in Siberia. He calls it "one of the most extraordinary scientific centers in the world."

Writing in the current issue of the Saturday Evening Post, Benton said the center, with 16 separate scientific institutes and designed to house 50,000 research workers, "is a striking symbol of the Soviet intellectual challenge to the West."

He said the center is the first of several which the Soviet Union plans to build across Siberia. He said it could be matched in this country only if the theoretical research departments of several universities were combined with research divisions of several industrial giants.

Benton, publisher of Encyclopedia Britannica, said he was the first American to see the new center in operation.

SMITH REFUSES COMPROMISE IN RULES SEATING

By WILLIAM F. ARBOGAST

WASHINGTON (AP)—Talk of a compromise in the threatened liberal-conservative fight over the House Rules Committee apparently has fallen on deaf ears.

Rep. Howard W. Smith, D-Va., chairman of the committee and leader of conservative Democrats, said he was not "bargaining" in his position that the committee membership return to 12 as scheduled next month.

And President Kennedy said Monday night that if the committee does revert to 12 members the administration's program "would be emasculated."

Smith led the fight against enlargement of the committee to 15 members in January 1961. He lost by a 217-212 vote to a liberal group led by the late Sam Rayburn of Texas. The increase, designed to give committee liberals an edge of 8 to 7, was for a two-year period only. Prior to 1961, the committee was dominated by a conservative group of four Republicans and two Democrats.

HOUSE TO FIGHT

House leaders have said they will renew the fight next month, when the new House convenes, to enlarge the committee. They claim they have enough votes to win, but their claims are disputed.

They have suggested a "compromise" that would restore the membership to 15 but not clip its powers as some liberals have suggested.

Kennedy gave the House leaders strong backing Monday night in his nationally televised review of his first two years in the White House.

HURTS PROGRAM

"I hope that the Rules Committee is kept at its present number, because we can't function if it isn't. We are through if we lose—if they try to change the rules. Nothing controversial in that case would come to the floor of the Congress. Our whole program in my opinion would be emasculated."

The committee controls the flow of legislation to the House floor and often has bottled up legislation its members have felt was too liberal. Much of the legislation expected to be proposed by Kennedy to the new Congress is in the liberal category and may face tough sledding in the Rules Committee.

The value of the finished product included \$43,627,000 described as the "value added by manufacture."

MISSILE FAILS 6 TIMES BUT FUTURE BRIGHT

WASHINGTON (AP)—The A3, an advanced model of the Polaris submarine-launched missile has suffered six consecutive test failures but the Navy said its future prospects are excellent.

The A3, Polaris is designed to carry a nuclear warhead 2,875 miles after being fired from a submerged submarine. This is more than 1,000 miles beyond the range of models now in the tubes of U.S. missile-firing subs on patrol in the North Atlantic.

The most recent failure came on Dec. 6 when the missile shot out of control and was destroyed intentionally by a range safety officer at Cape Canaveral, Fla.

All six tests were launched from land pads. The Navy said the failures resulted from a different cause each time.

"In each case, the cause has been identified and rectified and has not recurred," the Navy said. "There is no single, big problem but a few small unrelated problems."

The Polaris is a two-stage ballistic missile powered by solid-fuel rocket motors and guided by a self-contained system which automatically corrects course.

The plan, announced Monday, was developed in three years of meetings by a special, nine-man committee.

The A3 model is scheduled to become combat ready by mid-1964. The Navy said the test failures have not changed the target date.

The instrument, manufactured by Stromberg-Carlson Division of General Dynamics, has 10 push buttons on its face in place of the customary dial—three rows of three buttons each and a single operator button centered below.

Push-button phones, more accurately called "touch tone" dialing, have been under test by various U.S. telephone companies and equipment manufacturers for some years.

The Bell System has been marketing testing them in Findlay, Ohio, since November 1960 and in Greensburg, Pa., since February 1961. Some 2,200 push-button phones are in service in these communities.

The extensive cost of the new phone set, which must be used with electronic controls at the telephone exchange, has been the main reason holding back general introduction of the new type phone, engineers say.

The contract is to be four years in effect and subject to annual revision and review.

The cost savings plan works like this:

The year 1961 was selected as a base to determine the cost of labor and material for each ton of finished steel.

As technology increases output, unit costs are expected to decrease. It is this savings which will go into the special fund for monthly distribution. The employees will get 32.5 per cent of the total.

Officials pointed out that the plan is different from most incentive and profit-sharing plans because it is based on production costs instead of on an individual employee's output.

The spokesmen would make no estimate of the actual worker benefits possible through the agreement.

The Democrats retained control of the City Council.

Deschambault was seeking his sixth one-year term.

The value of the finished product included \$43,627,000 described as the "value added by manufacture."
